

The National Food Service Management Institute's Child Nutrition Archives Oral History Project

Oral History Interviews capture the human story of the development of Child Nutrition Programs. The Child Nutrition Archives at NFSMI conducts and records interviews with child nutrition personnel at all levels of program involvement and with other individuals who have distinct memories of CNP.

Transcripts of oral history interviews are available on the Web site at
<http://www.nfsmi.org/Templates/TemplateDefault.aspx?qs=cELEPTMz>

**Please let us know of someone you think we should interview
by completing this form and returning it to NFSMI**

Your Name:	Your Telephone:	Your e-mail address:
Organization:		
Name of the person you are suggesting for an oral history interview:		
Describe this person's connection to Child Nutrition Programs and tell why you think this person should be interviewed: <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
