Don’t Work When Sick

Many illnesses are spread to others through food prepared by sick child nutrition employees.

You must report these symptoms to your supervisor:

- Vomiting
- Diarrhea
- Jaundice (yellowing)
- Sore throat with fever
- Cuts or infected wounds on hands, wrists, or lower arms
- Current or recent foodborne illness
- Recent exposure to someone with a foodborne illness

Report Your Symptoms

This project has been funded at least in part with Federal funds from the U.S. Department of Agriculture, Food and Nutrition Service through an agreement with the Institute of Child Nutrition at the University of Mississippi. The contents of this publication do not necessarily reflect the views or policies of the U.S. Department of Agriculture, nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. government.

The University of Mississippi is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA Employer.

In accordance with federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability.
